$$\theta_{\text{MP}} = 12.53$$

A diagram consisting of a vertical line segment descending from the equation $\theta_{\text{MP}} = 12.53$. This line connects to a horizontal line segment. From each end of this horizontal segment, a vertical line segment descends, ending in an arrowhead pointing towards the two equations below.

$$\theta_{\text{MP}} = 12.53 \pm 1000$$

$$\theta_{\text{MP}} = 12.53 \pm 0.001$$
