# Who we are?

**My name is Anna…**

- Finishing PhD on word embeddings and topic models
- Teaching NLP in YSDA and MSU
- Some hands-on experience:
  - Word similarities for query understanding (Google)
  - Text mining and classification (Yandex)
  - DL and RL for dialogue state tracking (Google)

**We have a big and nice team creating the course:**

- One more Anna, Andrey, Alexey, and Sergey – read about them on the page of our course!
